

Simon Says Action Cards by KidsPrintAndPlay

Colors, Shapes & Numbers — Ages 4 to 8

Color, shape, and number commands that blend movement with early learning.

How to play

How to play: Leader reads a learning card. Players point, trace, or show the answer. No card prints Simon says; leader adds it as desired.

Space and body safety

Space and body safety: Stay in your spot, point rather than run, and keep hops tiny with a seated tapping alternative.

Theme guidance: Colors, Shapes & Numbers blends learning and movement. Any jumping or pointing beyond reach has a seated or eyes-only option.

Non-elimination scoring — first to 10

Score: Non-elimination. Earn one point for each correct action. Individual or group completes a round at 10 points. Count your points aloud together.

Score tracker — 10 points to finish (use for one player or the whole group)

1	2	3	4	5
6	7	8	9	10

Color or check one box per correct action. First to 10 completes a round.

Theme variation

Variation — Find and Show: After the move, find the color or shape nearby and point without leaving your spot.

Optional classic elimination (optional)

Optional classic elimination: Optional one-turn pause for wrong move, never default.
